Chapter 86 - Rationale to Marry her

Luo Qing Yun did not want to bother with her, so she kept her silence with a dark expression.

Xie Yue E knew that she didn't like him, so she turned and said to Su Qi Ze, "Qi Ze, can Aunt call you that?"

"Of course." Su Qi Ze laughed.

"Originally, this matter was between you two youngsters, so I shouldn't have said too much." "But you see, Qingyun is also pregnant right now. The child can't be born without a father. Do you think you can consider marrying the two of you ..." Xie Yue E thought for a while and said those words.

When Luo Qing Yun heard this, she felt that it was outrageous. "What nonsense are you spouting, he isn't even ..."

"Of course you can, I've already proposed. As long as Qingyun nods, we can immediately go and get the certificate." Su Qi Ze promised without waiting for Luo Qing Yun to speak the truth.

"Oh? Really? That would be great. I told you that my family's Qingyun is a fortunate child. " Hearing Su Qi Ze's words, Xie Yue E was immediately overjoyed, the expression on his face could not contain his joy.

Seeing that the misunderstanding was getting deeper and deeper, Luo Qing Yun was physically and mentally exhausted. In an instant, she did not say anything, and was too lazy to say anything.

Forget it, let them misunderstand, they just let Su Qi Ze suffer.

However, it was obvious that he was willing to suffer such a loss.

Su Qi Ze saw that Luo Qing Yun was a little tired, so he said to Xie Yue E, "Aunt, Qingyun is resting, let's go out and not disturb her."

Xie Yue E knew that Luo Qing Yun did not really want to see him, and did not want to stay any longer either. Since she had already reached the answer she wanted, she stood up and said, "Alright, alright, alright. Qi Ze, take good care of Qingyun for me, I'll come and see her tomorrow. "

"Don't worry Auntie, I will." Su Qi Ze said as he sent Xie Yue E out of the sickroom. After watching her leave, he returned.

In the ward, Luo Qing Yun's phone rang.

Looking at the caller ID, it was Su Chen Hao calling.

Looking at the time again, it was already noon.

He probably went home and didn't see her, so he called.

She picked up the phone and put it to her ear.

"Where are you?" On the other end of the phone, Su Chen Hao's low voice came out.

"I have some private matters to take care of these few days, so I can't go to the villa. You should find someone else to help you clean up." Luo Qing Yun said.

"What private matter?" he asked, knowing that this was probably just an excuse for her to avoid him.

"Mr. Su, isn't our relationship now just that of the butler and the master? I don't think there's a need for me to report to you about my personal matters, do I? " The thought of his madness last night had nearly made her lose the baby in her belly made her rage.

"..."

"If Mr. Su has no other orders, I'll hang up first." There was no sound from the other end of the phone, Luo Qing Yun did not want to say more, she was afraid of letting him know that she was in the hospital, but even more afraid of letting him know that she was pregnant.

"How many days?" After a long silence, he suddenly asked from the other end of the phone.

"What?" Luo Qing Yun was startled, but she immediately reacted, "It won't be for long, don't worry, as long as I take care of the matter at hand, I will immediately return to work."

He probably just couldn't do anything to her, so he didn't say anything and just hung up the phone.

After putting down his phone, Luo Qing Yun was about to lie down and rest, but he realized that Su Qi Ze had entered the room at an unknown time, and was standing far away from the door, as if waiting for her to finish making her call.

"She ..." Have you left? " Luo Qing Yun asked. That "she", naturally referred to Xie Yue E.

"Yes, I've already left." Su Qi Ze walked up to her side and said, "I'm wondering if I did something wrong."

"Why do you say that?" Luo Qing Yun looked at him suspiciously.

"Telling Auntie about you being hospitalized seems to have made the misunderstanding even worse."

"It doesn't matter, don't bother with it, whatever she thinks." Luo Qing Yun no longer cared about what others thought of him anymore.

"Still, I'm quite happy." When Su Qi Ze said this, his face had a wicked smile as if he had succeeded in his conspiracy.

Luo Qing Yun looked at him in puzzlement, her face full of question marks.

Su Qi Ze said, "The more people misunderstand that you are my woman, the more likely it is that you will be able to marry me."

"..." What kind of logic was this?

"Alright, you should be tired now. First, lie down and rest. I won't disturb you here anymore." Su Qi Ze then turned and left.

"Wait a moment." But Luo Qing Yun stopped him.

"What's wrong?" Su Qi Ze turned his head and asked.

"Nothing, I just have a question for you."

"Ask away."

"Actually, with your qualifications, finding an unmarried mother to marry isn't that hard, so why did you choose me?"

"You want to know?" Su Qi Ze looked at her and smiled mysteriously.

"Those conditions you put forward are too good for me. They could solve almost all of my urgent needs. However, because the conditions are too good, I feel a little uneasy. I need to know the reason why you've chosen me." Luo Qing Yun said with a sincere tone.

"You're being honest." Su Qi Ze laughed, then recovered his serious expression: "You want to know why I chose you, okay, I'll tell you."

"There are several reasons. Firstly, you saved me and I saved you, so it can be considered as a relationship that went through life and death. For this reason, no one can surpass your status in my heart. Secondly, compared to other people I'm completely unfamiliar with, the risk of choosing you is much lower. At the very least, I know that you're more kind than most people, so I don't need to worry about you. As for the third point, it is also the most important point. That is, you are very good-looking, and as my wife, I will bring you out in the future. On the basis of these three points, I chose you. Now, do you think my choice is reasonable? "

After listening to his three reasons, Luo Qing Yun suddenly felt speechless.

From his point of view, there didn't seem to be anyone more suitable than her.

"My parents' biggest wish all these years was that I could find a good girl to marry and have a baby. I have found a good girl. As for this child, although he is not my biological son, I will definitely treat him like my biological son. You don't have to worry about that. " Su Qi Ze's attitude was sincere, making it impossible for people to reject him.

Luo Qing Yun's small face revealed a bitter smile, "I believe in you, just like you believe in me. It's just that, I keep feeling that this is very unfair to you and your family. If they knew that the child in my womb is not your child, how sad would they be? "

"Fair? Do you think there's fairness in this world? " When Su Qi Ze heard the word "fair", he suddenly laughed sarcastically.

Luo Qing Yun suddenly felt that her own thoughts were just as ridiculous.

Yes, what had been fair to her from her birth until now?

Other children grew up under the care of their parents, but what about her?
Chapter 87 - Wedding photos

"Qingyun, remember, this world has never been fair. Some people are blessed by God and have everything at birth, while others are poor in their lives and may not even be able to eat and drink and be healthy. " When Su Qi Ze said this, he unconsciously held onto his own chest.

Yes, if the heavens were truly fair, why not give him a healthy body?

Luo Qing Yun became silent. Seeing her lowered head, Su Qi Ze's expression became gloomy, but she was not in a hurry to get her to promise him. She only spoke gently: "Rest well, I will not force you to make any decisions. Maybe you're right, and it's good to be a godfather. "

Luo Qing Yun stayed in the hospital for a week and during that, she did not look for her again.

When she was discharged from the hospital and returned to work at the villa, she found that while she was gone, a thin layer of dust had accumulated inside the house. It didn't seem like someone had lived here before.

She went upstairs to her room. The bed was a bit messy, as if she had slept there the other day.

It seemed that he really hadn't returned to the villa while she was in the hospital.

He turned around and went back down the stairs. The mess in the kitchen was still lying on the ground, but it had gotten lucky. Luo Qing Yun looked at the mess in front of him and sighed.

Because the doctor had previously told her that she was in danger of becoming pregnant three months ago, she had to be careful in everything she did. She could not overwork herself, much less do manual labor.

So when she was cleaning, she paid special attention. Basically, she did half an hour's work and rested for half an hour.

After a day, she had finally cleaned up the villa.

After pouring a cup of water, she sat on the sofa to rest and sent Su Chen Hao a message on her phone.

"I'm at the villa. Are you coming back to eat?"

Not long after, the other party replied, "No reply."

Luo Qing Yun looked at the message, feeling a sense of loss. Just as she was about to put down her phone, another message flew in, "I won't be coming over for a while."

If he didn't come, then he didn't come.

Luo Qing Yun was a little angry in her heart, she angrily threw her phone on the sofa.

A few seconds later, his phone vibrated.

Even though he didn't want to look at it, he couldn't help but click on the new message. There were five big words written on it, "Take care of yourself."

This untimely concern and constant warning made Luo Qing Yun feel quite unpleasant in her heart.

She got up and was about to take her bag back to her apartment when she saw a black pickup truck coming from the front and parked in front of the villa.

The driver got out of the car, took a look at the house number, and walked inside.

Seeing that, Luo Qing Yun walked over, "Who are you?"

"Excuse me, is this Mr. Su's home?" the driver asked.

Luo Qing Yun nodded, "Who are you?"

The driver said, "I am the driver of Miss Huo, the wedding photo between her and Mr. Su has already been released, Miss Huo asked me to send it over to her home."

When Luo Qing Yun heard the three words "wedding photo", his heart sank. An indescribable pain spread out from within his heart.

"Miss? Miss? Where do I put them?" The driver saw that Luo Qing Yun was distracted and called her.

Luo Qing Yun who had recovered from her shock casually pointed towards the house, endured the choking sound and said: "Let's put it in the living room."

The driver removed the huge wedding photo from the car and placed it against the wall of the living room.

Luo Qing Yun had no idea when the driver had left.

Her attention was entirely attracted by the stunning wedding photo in front of her.

Under the simple and elegant medieval castle, the sunset dyed the horizon red. A pair of barbarians stood by the lake, their faces brimming with a happy smile.

Before this, Luo Qing Yun still had a sliver of hope that Su Chen Hao would give up on the marriage contract and choose to marry his. However, when she

looked at the wedding photo, she completely understood that there was no other possibility for the two of them to exist apart.

At the same time, she realized that he had been busy these past few days because of the upcoming wedding.

Her heart was clearly in excruciating pain, but strangely, she couldn't cry.

She took out her phone and made a call.

"It's me. When you said you wanted to marry me that day, did it still count?"

September 8th.

The Su Family Mansion was bustling with noise and excitement.

The marriage between Su Family's eldest son, Su Chen Hao, and Huo Family's miss, Huo Xi Wen, shook the entire city.

All the famous people from home and abroad were gathered together, causing the entire Y City to boil.

The three streets outside Su Family Mansion were all home and abroad media reporters who had been bitterly waiting with short guns and spears.

The two rookies, who had always been low-key, were now fully present and had dominated the headlines for a few days.

After the afternoon wedding ceremony ended, Su Chen Hao went back to his room to change clothes and prepare to attend the dinner. Qiu Ye walked in from the side with his phone, "CEO, I just called Housekeeper Luo, there's no one to answer.

Hearing that, Su Chen Hao's face turned cold, and changed into another official suit, ordering, "Fight again."

Therefore, Qiu Ye called Luo Qing Yun a few more times, but still, no one answered.

"Go to the apartment right now, find her, look after her, and make sure she's safe and sound." Su Chen Hao's face was as black as coal, and his tone was cold and harsh.

If she really did do something to hurt him, he would definitely teach her a lesson.

"Yes, I will go now." Qiu Ye did not dare delay any longer, and immediately turned and left the room.

At this time, Huo Xi Wen walked in from outside. Seeing that Su Chen Hao's expression was not well, and as he did not know what had happened, she asked, "Big Brother Chen, what happened to you?"

Su Chen Hao didn't want her to see that he was feeling weird, so he frowned and changed into a gentle expression: "Don't worry, you've changed into your clothes, let's go out."

Huo Xi Wen smiled sweetly and put her hand on his arm, "Big Brother Chen, thank you. My parents are so happy today. They can finally be at ease. My uncles can finally give up."

Su Chen Hao did not say anything, he only raised his hand and gently patted the back of her hand, "Let's go."

In the lobby of the first floor, there were many guests gathered. The atmosphere was warm.

The host stood at the bottom level of the stairs, holding a microphone, he passionately announced to everyone: "Next up, let us use the warmest of applause, to welcome the main characters of today, Mr. Su Chen Hao and Miss Huo Xi Wen."

When the music played, Huo Xi Wen held Su Chen Hao's arm, and the two of them slowly walked down the stairs.

In a split-second, everyone downstairs let out waves of exclamations.

The man was sighing at Huo Xi Wen's beauty, while the woman was sighing at Su Chen Hao's handsomeness.

"Young Noble Su has an owner now. Our Y City has lost another golden bachelor." In the crowd, there were women sighing.

"The eldest young master is married, there's still a second young master." Someone else responded.

"Speaking of Second Young Master, today is the wedding day for Eldest Young Master, why haven't I seen him yet?"

Oh yeah, I don't think I saw him at the wedding in the afternoon. I have long heard that the relationship between the Su Family's main house and the second house is not good, but the second young master's parents are here, he shouldn't be absent right?

The people below were discussing, at the entrance, Su Qi Ze who was dressed in a brand-new suit appeared in front of everyone's eyes.

Beside him stood a young and beautiful woman.

Before anyone could guess the identity of the beautiful woman, Su Chen Hao, who was in the middle of the hall, had already turned towards her direction.

Su Qi Ze turned his head to look at the woman beside him, his expression gentle. "Qingyun, don't be nervous, follow me."

The woman lightly nodded and took a deep breath. She raised her head and followed his footsteps. However, unknowingly, she met the sharp gaze that was cast over from the center of the hall.

She stopped in her tracks, her expression one of astonishment and astonishment.

Chapter 88 - Kids Who

How could that be?

Su Chen Hao, Su Qi Ze...

They were actually two brothers?

God, what was she doing?

Both of them had the surname of Su. Why hadn't she thought that there might be some sort of relationship between them?

Lowering her head, she wanted to escape from this absurd meeting, but her hand was grabbed by Su Qi Ze beside her, "Qingyun, let's go. I'll introduce my parents to you."

Under the watchful eyes of everyone, her three souls had already been lost for a long time.

After being forcefully brought by Su Qi Ze in front of a middle-aged couple and an elderly person, they heard him introduce, "Grandfather, Mom, let me introduce you. This is Luo Qing Yun, my wife."

As soon as his voice fell, the surrounding crowd instantly burst into an uproar.

"What day is it today? The first young master of Su Family and the second young master actually got married at the same time. "

"Oh god, I was still thinking about the second young master just now. Now, even the second young master has an owner."

"..."

When the voice reached Su Chen Hao's ears, a layer of shadow instantly covered his jade-like face, and looking at Luo Qing Yun's eyes, it was as if a blade was flashing a cold light, directly flying towards her heart, ruthlessly piercing into her heart, causing her to be unable to breathe.

"Qingyun, say hello to your grandpa and parents." Su Qi Ze's voice reminded her.

Luo Qing Yun regained her senses, endured the sharp pain in her heart, and meekly bowed to the three elders in front of him, "Grandfather, Uncle, Aunt, greetings to you."

Su Qi Ze's father, Second Master Su's face was also filled with shock. He probably never would have thought that his own son would actually silently bring back a daughter-in-law in such a situation.

After the huge "shock", he sized Luo Qing Yun up from head to toe, and said in a deep voice, "This is outrageous. Marriage is such a huge matter, why would you do such a thing behind our backs?"

"I didn't plan on carrying you guys. I didn't want to surprise you guys with this." Su Qi Ze said as he wrapped his arm around Luo Qing Yun's waist with a doting expression.

Second Madam Su was also sizing up Luo Qing Yun. Seeing that she had a pretty face and an extraordinary temperament, she felt a little satisfied in her heart.

But due to her mother-in-law's dignity, she had the intention of giving a blow first. Hence, she put on a serious expression as she looked at Luo Qing Yun, "Miss Lowe, right? I wonder who your father is and what kind of business his family does? "

"Mom, let's not talk about this right now. Today is Big Brother's day of celebration. I'll go and congratulate him." Su Qi Ze interrupted his mother's question and pulled Luo Qing Yun to the center of the hall.

At this time, Luo Qing Yun's mind was in a mess, the small heart was jumping very fiercely, her face was pale, and her back was drenched in cold sweat.

At this time, Su Chen Hao was surrounded by a crowd, congratulating himself on his wedding.

Finally, Huo Xi Wen saw Su Qi Ze, so she bade farewell to the others, and waved to him, "Qi Ze, you're finally here."

Su Qi Ze led Luo Qing Yun and walked in front of them, his face brimming with a happy smile. "Big Brother, Xi Wen, I'm sorry, I came late."

"It doesn't matter." Huo Xi Wen smiled merrily, her large cute eyes wandered across Luo Qing Yun's body.

The current Luo Qing Yun was wearing a naked pink dress, with makeup on her face and her hair tied up high. She looked beautiful yet graceful, as if she was a completely different person from her usual simple and unadorned appearance.

Huo Xi Wen felt that she was familiar, but did not dare to recognize her. She asked playfully: "Qi Ze, is this beautiful young miss your girlfriend?"

"No." Su Qi Ze shook his head, with a smile on his face, he looked at Su Chen Hao.

And at this time, from the moment Luo Qing Yun appeared in his line of sight, his gaze had never left her body.

Those dark eyes were full of speculation, doubt, and even anger.

"Not a girlfriend?" "What's that?" Huo Xi Wen seemed to be extremely interested in the relationship between the two and could not help but ask.

Su Qi Ze smiled mysteriously as his eyes swept across Su Chen Hao's ice-cold face and said: "Let me introduce you all to my wife, Luo Qing Yun."

"What?" Wife? " Huo Xi Wen had a face full of disbelief, "Just when did this happen? We didn't even know. Also, aren't you Big Brother Chen's butler? "

At this time, she had basically confirmed that Luo Qing Yun was Housekeeper Luo.

Hearing Huo Xi Wen's words, Su Qi Ze looked at him curiously. "Oh? Is that so? You're my big brother's butler? "

At this time, Luo Qing Yun was completely stunned and she did not dare to raise her head to look at them, nor did she dare to take deep breaths.

Su Chen Hao's eyes were just too scary. Even if she did not look at his face, she could still feel that she was being looked down upon by his eyes.

"No ..." "I'm sorry, but I'd like to go to the bathroom. Excuse me for a moment." Not daring to linger under his watch, she threw down those words, turned around, and walked off in the direction of a nearby corridor.

Su Qi Ze looked at her leaving figure, and only smiled, "Don't mind his, she's pregnant, so he's going to the bathroom more often."

"Pregnant? Really? Congratulations, I didn't expect you to move so fast. " Huo Xi Wen said in their stead with a happy expression.

However, when Su Chen Hao heard the word "pregnant", he who had been pretending to be calm could no longer remain calm. He turned around, and without saying a word, he walked in the direction Luo Qing Yun had left in.

"Big Brother Chen, where are you going?" Seeing that, Huo Xi Wen hurriedly asked.

"Big Bro might have had too much to drink today, so he also wants to go to the bathroom." Su Qi Ze teased, raising the wine cup in his hand, he said to

Huo Xi Wen, "Xi Wen, oh, that's not right, I should call you sister-in-law now, I wish you and big brother a happy marriage."

"Thank you, you too. It's a happy wedding." Huo Xi Wen toasted with him, and the smile on her face was extremely candid.

In the bathroom, Luo Qing Yun stood by the sink and retched.

What she had just experienced made her feel as if she had walked through hell.

Why was it such a coincidence?

And Su Chen Hao is actually Su Qi Ze's big brother?

What should she do in the future?

How could he face the change in identities between him and Su Chen Hao?

Picking up the cold water from the tap, she wanted to wash her face and calm down, but she heard someone exclaim from outside the door.

Curious, she turned around and walked to the door. Reaching out to open the door, she bumped into a warm chest.

Raising his head, he saw Su Chen Hao's cold and gloomy face.

Terrified by his sudden appearance, she took three steps back and leaned back against the sink.

Su Chen Hao approached and closed the bathroom door casually, locking it.

"You ... What are you going to do? " Luo Qing Yun was afraid of him, especially when she could clearly feel his anger.

Su Chen Hao did not answer her. His pair of cold eyes were like searchlights, staring fixedly at her flat stomach.

Luo Qing Yun felt his gaze, and instantly felt her heart shrink. Her hands subconsciously covered her stomach, and a pair of eyes looked at him in fear.

If she did not reach out to cover his stomach just now, he would have suspected that she was indeed pregnant, as Su Qi Ze had said.

However, her actions accurately told him the answer.

A cold light flashed across her face. His voice was so cold that it was emotionless. "Who's the child?"

Child?

Did he finally know she had a child in her womb?

Luo Qing Yun looked at his gloomy and terrifying face. His expression told her that he cared a lot about the child's biological father.

But with his current identity, what right did he have to question her?

Luo Qing Yun laughed, and laughed in an especially sarcastic manner: "Who do you think it is? Yours? "

"I'm asking you a question!" He was truly angry, and his large hands clamped onto her slender neck as he coldly said that.

Luo Qing Yun could clearly feel that she was not breathing well. Her neck was pinched by him, making it hard for her to breathe.

Frowning, she did not beg for mercy. She only laughed even harder, and her eyes were still filled with tears of disappointment.

Chapter 89

I hate you

"You want to know? Then let me tell you, the child belongs to your brother, and it has nothing to do with you." She gritted her teeth as she glared at him.

This was not the answer that Su Chen Hao wanted, but from her mouth, it was as if there were sharp thorns ruthlessly stabbing into his heart.

After a long while, the big hand that was pinching her neck loosened and his clear and cold gaze shot straight into her eyes. He opened his mouth, and said with a slightly hoarse voice, "Luo Qing Yun, is this the method you used to take revenge on me for not marrying you?"

Luo Qing Yun took two deep breaths, and her red face finally returned to normal. Her lips were slightly pale, and while enduring the tears in her eyes, her voice was choked with sobs: "Take revenge on you? Su Chen Hao, you think too highly of yourself. To me, you are just a cash machine from the beginning to the end. The only reason I want to marry you is because you can give me money to satisfy my rich life."

Her words successfully provoked that angry nerve of his once again. He raised his hand and ruthlessly pinched her chin. His cold black eyes stared at her as he warned, "Say that again!"

, you should be glad that I met your brother and his child. If not, do you think that you could have easily gotten rid of me? She told the cruel "truth" in an extremely sarcastic tone.

Looking at his face that was extremely angry, yet unable to erupt, she suddenly felt a surge of joy in her heart.

Su Chen Hao, you were the one who taught me to return the favor.

The pain I'm giving you right now isn't even a tenth of what you're giving me.

"How much did he give you?" he asked.

Luo Qing Yun was blocked by his words and for a moment, she did not know how to reply.

"Don't you only want money? Tell me, how much can you spend on buying your life?" he asked, grinding his teeth.

"You want to buy it?" Luo Qing Yun laughed, smiling very frivolously, "It's a pity, I'm already tired of you."

"Is that so?" A cruel smile played at the corners of his mouth. He grabbed her shoulders with both hands and turned her over so that her back was to him and her upper body was lying on the sink. He lifted and untied the hem of her skirt.

"Su Chen Hao, what are you trying to do? Let me go!" Luo Qing Yun was frightened, she screamed and struggled.

"Shout louder! It would be best if you could make it heard by the people outside!" He threatened her from behind.

After Luo Qing Yun heard this, she instantly went silent.

Yes, she could not call him that. This was the Su Family, and there were so many guests outside. If people knew about the matter between her and Su Chen Hao, she would not care about face, but Su Qi Ze?

What should he do?

She was here today as his wife.

Closing her eyes, she gave up struggling. Like a lifeless fish, she laid on the sink counter. "Su Chen Hao, I hate you!"

"Luo Qing Yun, me too!" he replied.

Luo Qing Yun stayed in the bathroom for a long time without coming out. Su Qi Ze was a little worried, so he went to look for her.

When he walked to the washroom door, he saw that the door had been opened by someone. Luo Qing Yun walked out with trembling legs, the makeup on her face had all but disappeared.

"Qingyun, what's wrong? "Are you not feeling well?" Seeing that, Su Qi Ze immediately stepped forward and extended his hand to support her. His gaze inadvertently shifted to the corner of her skirt, discovering that it had been ripped open.

When Luo Qing Yun saw Su Qi Ze, both her legs went soft and she fell into her embrace immediately. Both of her hands tightly gripped her arms as she pleaded, "Take me away from this place, I beg of you."

Hearing that, Su Qi Ze immediately hugged her, he took off his jacket and tied it around her waist to block the torn part of her skirt, and then forcefully carried her, walking towards the other end of the corridor.

They left from the side door of the mansion, other than the few servants of Su Family, no one else noticed.

After exiting the big house, Luo Qing Yun got on the car and sat on the secondary driving's driving seat, her body still trembling.

Su Qi Ze saw the lingering fear on her face and asked worriedly, "Qingyun, what's wrong? Is he not feeling well? Do you want to go to the hospital? "

At this time, Luo Qing Yun could no longer hold back her tears and started crying.

Su Qi Ze opened his mouth, wanting to console her, but he didn't know where to start from. In the end, he only reached out and patted her shoulder to

comfort her.

Luo Qing Yun cried for a long time, and only after she had used up all of the strength in her body did she finally manage to calm down.

When she found out that Su Qi Ze had been quietly sitting on the Driver, she immediately felt a little sorry. "I was just unable to hold it in for a moment ..."

"The child in your stomach, is it Su Chen Hao's, right?" Su Qi Ze stared straight ahead, his voice was very soft, and his tone was even a little fuzzy as he asked.

Luo Qing Yun's expression stiffened. Her calm mood was stirred up yet again. Her nose turned sour and tears were about to flow out again.

Su Qi Ze turned his head, and his bright eyes shone brightly as he looked at her, and promised her, "Don't worry, you're already my wife. I'll protect you like a husband protecting his wife, and won't let you get hurt again."

"Why?" Hearing this, Luo Qing Yun was moved, but at the same time, she was also confused, "Why are you so good to me?"

Su Qi Ze smiled, and pushed away the messy hair on her forehead, then said gently: "Because you are now my woman, I am not nice to you, who should I treat?"

His answer was so natural and so confident.

For a moment, it was as if she really thought that her relationship with Su Qi Ze was normal, and that Su Qi Ze's care and concern for her came from the love of a husband.

Seeing Luo Qing Yun's somewhat flickering gaze, Su Qi Ze frowned, "What? "You don't believe me?"

Luo Qing Yun shook her head, she raised her hand and wiped away the tears on her face, "Do you really not mind the matter between your brother and me?"

"Why should I mind? He's him, I'm me. " On the other hand, Su Qi Ze was calm, "Moreover, I am different from him. At the very least, I can't do something like that. "

Begin! Begin! Begin! Begin!

This word could not be more accurate in describing the relationship between Su Chen Hao and her.

"Thank you, Qi Ze." Other than saying thanks, Luo Qing Yun didn't know how she should repay Su Qi Ze.

Fortunately, she had met him. Otherwise, she really would not know how to continue her next life.

That night, Luo Qing Yun was brought back to the Su Family's Peony Garden. The peony garden was the dowry of the old lady from Su Family, who was also Su Qi Ze's grandmother, when he married into the Su Family.

It is called the Peony Garden because of its many peonies.

When Old Madam Su was still alive, she doted on her second son Su Wan Bo a lot. As a result, before she died, she gave her favorite peony garden to her second son.

Because Su Wan Bo was a cunning and selfish person, he was never liked by the old man. Therefore, after the old lady passed away, he chased his second son's family out of the big house and moved them to the Peony Garden.

When Su Qi Ze and Luo Qing Yun returned to the residence, Su Wan Bo and his wife was still in the mansion participating in the banquet and did not go home.

As a result, after greeting the butler, Luo Qing Yun was directly brought to Su Qi Ze's room.

Unlike Su Chen Hao's bedroom, which was simple in style, Su Qi Ze's bedroom looked extremely literary.

Even though it was a bedroom, there was a whole wall filled with bookshelves filled with literary works in various languages. It was truly amazing.

On one side of the bedroom was a terrace, and even on the terrace there were bookshelves. Beside the bookshelves were some small and exquisite potted plants, and in the middle of the terrace was a deck chair.

She could imagine how Su Qi Ze would make a pot of tea and lie down to read on a sunny autumn afternoon.

"How is it? Are you satisfied with your new room?" Su Qi Ze pulled her to sit on the chair and asked.

"My new room? "What about you?" Luo Qing Yun looked at him strangely.

"Me? And sleep here, of course. " Su Qi Ze smiled as he looked at her.

"How can this be, I ..." How about I go to the guest room? " Being alone in the same room with a man and woman was too awkward and awkward.

But just as she finished speaking of her proposal, she heard Su Qi Ze lazily say from the side, "On the wedding night, my wife abandoned her husband and stayed in the marriage room by herself to sleep in the guest room. If my parents were to find out, what do you think the consequences would be?"

"..." She seemed to have forgotten that they had just gone to the Civil Service this afternoon to get their papers. Legally speaking, they were now legally married.

"Then I'll sleep on the floor." She thought for a moment and said.

"If I let you sleep on the floor while you're wearing six armors, does that count as abusing a pregnant woman?" Su Qi Ze teased her on purpose.

"..." This wouldn't do, but it wouldn't do either. Could it be that she wanted him to sleep on the ground?

After all, he was the real owner of this room. Moreover, it wasn't just pretending to be husband and wife for a day or two, and he couldn't let her sleep on the floor for a long time.

"Alright, I won't tease you anymore. Just sleep peacefully in this big bed." Su Qi Ze said, he stood up and walked to the side of the bookshelf.

"What about you?" Just as Luo Qing Yun was about to ask, he saw him pick up a remote control from the bookshelf and lightly press it against the wall. Then, she saw that the bookshelf that was originally made into a wall moved to the side and there was actually another room.

"I like to read here in the winter. It's quiet, the light is good, and it's warm." Su Qi Ze walked in, turned and said to Luo Qing Yun.

He walked to the door and stuck his head in to see what was inside. There, he saw a Japanese tatami structure with a soft cashmere cushion, and on the tatami, there was a small mahogany table, on it was a small and exquisite orchid pot.

At one end of the tatami was a pile of pillows. She could imagine how warm and safe it would be to spend a snowy winter in such a warm place, reading her favorite books.

"Now you can relax, right? I don't have to make a floorboard. " Su Qi Ze said as he pushed her to the door of the bathroom, "Now, go wash up inside and then rest."

Luo Qing Yun nodded, but she had another question for her.

What was she going to wear to bed after she'd come in without a change of clothes and a bath?

Chapter 90 - Wife Tea

Su Qi Ze seemed to have seen through her doubts, and pulled her over to the wardrobe and opened one of the cabinet doors, "These are all your clothes, and since I don't know your exact size, I bought a few for you as the smallest, and didn't know if you liked it or not. Go and wear them, for now, I'll bring you out onto the streets to buy what you like tomorrow."

Luo Qing Yun looked at the beautiful clothes that were hung inside, and her heart was filled with shock.

"When did you prepare these?"

"The afternoon you called me." Su Qi Ze laughed and patted her shoulder, "Alright, quickly go and take a bath. There is a towel in the bathroom, it's clean and has been used to cure poisons, you can use it without worry."

It seemed that he had taken every aspect into consideration for her. Luo Qing Yun looked at him gratefully, picked up a set of pajamas and headed to the bathroom.

Su Family Mansion.

It was already late in the night when the guests had dispersed.

Inside the bridal room, Huo Xi Wen was wearing red pajamas. Looking at the bright red blanket, her face was filled with worry.

Su Chen Hao walked in from outside. Seeing that, Huo Xi Wen immediately ran in front of him and pulled his arm, pointing to the big bed, "Big Brother Chen, there is only one bed, how do we sleep?"

"Sleep." Su Chen Hao threw those two words aside and walked to the wardrobe. He took off his formal wear and changed into a casual suit before turning around and walking out.

Seeing that, Huo Xi Wen asked: Are you going out?

"Yes." He didn't even turn around as he replied. He had already opened the door and was walking out.

Huo Xi Wen watched him leave and let out a long sigh. It was good to leave, if not living in the same room as him would be very uncomfortable.

When Su Chen Hao came out of the big house, he found that the car was already waiting for him at the entrance.

Getting in the car, Qiu Ye started the car, looked at the cold expression of Su Chen Hao in the rearview mirror and carefully said, "CEO, we have already found him, he is currently waiting in the villa. "However, I asked him before, and he said he didn't know about Qingyun and Second Young Master. I was thinking that perhaps Second Young Master used some method to have Qingyun marry him, and maybe ..."

"Is that so?" Su Chen Hao raised his head, his cold eyes directly looking through the rearview mirror, as though they were daggers flashing with cold light as they looked at Qiu Ye.

Qiu Ye was frightened by his eyes and quickly lowered his gaze, not daring to speak another word on Luo Qing Yun's behalf.

He started the car and left the mansion, heading towards the villa.

At this moment in the villa.

Luo Jian Hai was already full and sitting on the sofa, he dozed off while waiting for Su Chen Hao to arrive.

Today, Qiu Ye suddenly found him and brought him to the villa, asking him a few questions that made him feel very suspicious.

The fact that he did not see Luo Qing Yun in the villa made him suspect that something was wrong between the two of them.

However, no matter what, it was fine as long as Su Chen Hao continued to give him money.

Half an hour later.

The car pulled into the villa's garage.

After getting off the car, Su Chen Hao walked back into the house with a gloomy face.

Qiu Ye followed behind him, and did not even dare to take a deep breath.

Upon entering, a strong smell of alcohol wafted into his nose.

As far as Su Chen Hao's eyes could see, Luo Jian Hai was drunkenly sleeping on the sofa.

His sword-like brows creased and his expression turned ugly.

Seeing that, Qiu Ye immediately stepped forward, "I will wake him up now."

Saying that, he quickly walked to the side of the sofa and pushed Luo Jian Hai's arm, "Mr. Luo, wake up."

Luo Jian Hai was sleeping soundly, how could he be woken up so easily, he could only continue snoring.

Qiu Ye's heart stopped. Why was this old man so suspicious?

He actually had the mood to drink, he was really going to die because of him.

Turning his head, he looked at Su Chen Hao with a depressed expression, hoping that Su Chen Hao would not vent his anger on him.

"Splash!" Su Chen Hao walked to the sofa in front of him and sat down. His two long legs gracefully crossed each other and knocked on the sofa as he spoke without mercy.

When Qiu Ye heard this, although he felt that using cold water to pour on others, especially when this person was Luo Qing Yun's father, he felt that it was a little excessive.

But he knew that if he did not do as he said, he would immediately wake her up. Then, Su Chen Hao might do something even more excessive.

He turned around and went to the kitchen to get a small cup of water, then poured it onto Luo Jian Hai's sleeping face.

The drunk and dreamy Luo Jian Hai was suddenly splashed with cold water. His body quivered, and he finally opened his eyes.

He opened his mouth, about to curse the person who disturbed his beautiful dream, but suddenly saw that the person in front of him was Qiu Ye, and immediately sat up.

"You're awake?" A cold voice sounded from the other side.

Luo Jian Hai raised his head and saw that Su Chen Hao was currently sitting on the sofa in front of him. His face was covered in the shadow of the light, and he couldn't really see it clearly, but the cold aura that he was emitting was so strong that he didn't even dare to breathe loudly.

The anger from waking up instantly dissipated, replaced by a sense of lingering fear.

"Su ..." Mr. Su, you're back ... " Carefully opening his mouth, a hypocritical smile hung on his face.

Qiu Ye threw a towel at him, "Wipe your face dry then talk to Mr. Su."

Luo Jian Hai was slightly dissatisfied with Qiu Ye's attitude. After all, he was still half a father-in-law in Mr. Su, right? How could a mere assistant of his be so rude to him?

Receiving the towel, he carelessly wiped his face, then asked with a smile, "Mr. Su, about that ... Qingyun? Why didn't I see her? "

"This is the question that Mr. Su wanted to ask you." Qiu Ye said, "With such a good method, on one hand, you are coaxing the Mr. Su, and on the other hand, you are fishing for other men.

"Wh ..." What? "Other men?" After Luo Jian Hai heard this, his heart tightened.

In the afternoon, when Qiu Ye found him, she asked him whether he knew that Luo Qing Yun had connections with other people of the opposite sex.

However, he was completely buried in the gambling table, so how would he know about Luo Qing Yun's situation?

Now, in front of Su Chen Hao, if he were to be questioned again, he suddenly realised that there might be wind in the cave.

Could it be that Qingyun had hooked up with another man?

'This damned girl, why is she so stupid?' He wanted nothing from Su Chen Hao, who knows what kind of a pretty boy he fancied.

"Does Mister Luo really not know, or does he want to reap the benefits from both sides just like Ling Qianjin did?" Qiu Ye continued to trick him with a cold face.

Luo Jian Hai's eyes turned, and he immediately said, "Mr. Su, I really do not know about this matter, how about this, you give me two days' time, I will clarify this matter, at that time I will definitely give you a satisfactory answer."

"And if your answer doesn't satisfy me?" Su Chen Hao, who had been sitting on the sofa with a solemn face all this time, suddenly spoke up with a terrifyingly cold tone.

"This ..." Luo Jian Hai could tell that Su Chen Hao was truly unhappy.

In the past, even though he was always cold when meeting him, his attitude was still good. At least, it would not cause anyone's heart to tremble.

But the current him, even if he did not say anything, the aura around him was enough to freeze your blood.

"Then I'll tie that girl up in front of you and let you do whatever you want." Luo Jian Hai clenched his teeth and promised.

"Do you know the consequences of lying to me?" Su Chen Hao looked up, and from his depths of his eyes, a burst of cold light burst forth.

"No ..." Mr. Su, don't worry, I promise I will keep my promise. If I cannot do it, then I will be hit by a car and die. " Luo Jian Hai raised his hand and swore.

"Very good." Su Chen Hao was finally satisfied, he raised his hand and ordered: "See the guests out."

"Mr. Luo, please." Qiu Ye made a "please" gesture with his hand towards the door, sending him out.

The living room suddenly quietened down. Su Chen Hao leaned on the back of the sofa and leaned his head back. His gaze fell on the ceiling and slowly closed his eyes.

When Qiu Ye returned, he saw that Su Chen Hao was resting with his eyes closed. After muttering to himself for a while, he said softly, "CEO, it's already early in the morning.

"I'll stay here tonight. You can leave now." Opening his eyes, Su Chen Hao stood up from the sofa and said.

"This ..." Qiu Ye hesitated for a while, before reminding them, "Tomorrow morning, you will have to accompany Miss Huo to drink tea for the Old Master and Madam.

After all, they were a newlywed couple, and there were some procedures that they had not completed yet. If people were to find out that Su Chen Hao did not stay in the marriage room, it would cause a huge uproar.

However, Su Chen Hao was annoyed, he did not want to go anywhere, he only wanted to be alone.

Seeing that he was not moved, Qiu Ye rolled his eyes and said, "Also, if Qingyun really did get the certificate from Second Young Master, tomorrow morning, the people from Second House will probably come too to offer tea to Second Young Master."

"Wife tea?" These three words made his face turn cold, "Go back to the mansion!"

"Yes sir!" Qiu Ye quickly went to the garage to drive, but he could only sigh in his heart. Luo Qing Yun, Luo Qing Yun, you better pray for yourself!

In hibiscus garden's villa.

Luo Qing Yun went to sleep and quietly went out of the bedroom and towards the hall on the first floor.

Seeing the butler, he asked, "Have you come back, mister and missus?"

"Young Master, you haven't rested yet? "The mister and missus have just come back and gone upstairs." The butler said.

Hearing that, Su Qi Ze turned around and went to the second floor, and went to his parents' bedroom.

"Knock knock knock" He lightly knocked on the door, and very quickly, the voice of his mother He Fen could be heard from inside, "Who is it?"

"Mom, it's me." Su Qi Ze replied as he opened the door and entered.

He Fen had already finished showering and changed into a white silk pajamas. She sat in front of the dresser and applied skin care.

When she saw her son, she immediately stopped what she was doing and turned around to face him. "Your father and I just came back and thought you were asleep. Sit down and tell me what happened to the girl. How do you know each other? What was the background of the Fang family like? Why didn't he release any news? Your father is a little angry about this, so try to coax him. "

"Mom, you asked so many questions in one breath, I really can't answer them. Where's my dad? Are you taking a bath?" Su Qi Ze said as he turned to look at the direction of the bathroom, there was the sound of water.
